

Oryana Board Policies

December 2022

This version reflects changes by the Oryana Board as of December 16, 2021.

Mission Statement

The purpose of Oryana is to provide high quality food produced in ecologically sound ways at fair value to member-owners and the community. Oryana members and staff are committed to enhancing their community through the practice of cooperative economics and education about the relationship of food to health.

Ends Policies

Economy: Because of Oryana, our community has a vibrant cooperative business whose success stimulates cooperative activity.

Localism: Because of Oryana, our community has an accessible and healthy marketplace for goods produced locally that have a positive environmental and social impact.

Wellness: Because of Oryana, our community has direct access to solutions that contribute to health and wellness.

Education: Because of Oryana, our community has opportunities to learn about cooperative economics and the interconnectivity between healthful foods, environmental stewardship, and social responsibility.

Community: Because of Oryana, ecologically regenerative and socially just community development efforts are nourished and supported.

Model Workplace: Because of Oryana, our community has a model workplace which demonstrates a professional culture of mutual support and open communications, which is based on the balance of personal and organizational needs.

Executive Limitations

2.0. Global Executive Constraint

The GM shall not cause or allow any practice, activity, decision, or organizational circumstance that is unlawful, imprudent, or in violation of cooperative principles and commonly accepted business and professional ethics and practices.

2.1. Treatment of Consumers

The General Manager will not fail to ensure that our customers receive high value in our products and services. The GM will not:

1. Fail to offer a range of products and services that meet our customers' needs.

2. Allow an unsafe or unpleasant shopping experience for our customers.
3. Operate without a system for soliciting and considering customer opinion regarding preferences, product requests, complaints and suggestions.

2.2. Membership

The General Manager will not fail to establish, maintain, and promote a vital membership program that builds a sense of ownership among members. The GM will not:

1. Elicit information for which there is no clear necessity.
2. Use methods of collecting, reviewing, transmitting, or storing information that fail to protect against improper access to the information elicited.
3. Fail to provide volunteer opportunities for members to participate in the cooperative.
4. Fail to ensure that members are aware of Board actions, meetings, activities and events.
5. Change the membership equity requirement.

2.3. Treatment of Staff

With respect to relations with paid staff and volunteers, the General Manager will not cause or allow conditions which are unfair, unsafe, or unclear. The GM shall not:

1. Cause or allow discrimination or harassment among employees and potential employees.
2. Operate without written personnel policies that: (a) clarify rules for staff, (b) provide for effective resolution of conflicts and a procedure that brings grievances against the GM to the board for review, (c) protect against wrongful conditions, and (d) protect against retaliation.
3. Fail to provide for appropriate documentation, security and retention of personnel records and all personnel related decisions.
4. Fail to operate without staff having a clear understanding of (or being trained in) personnel policies.

2.4 Financial Condition and Activities

With respect to the actual, ongoing financial conditions and activities, the GM shall not cause or allow the development of fiscal jeopardy or material deviation of actual expenditures from board priorities established in Ends policies. The GM will not:

1. Incur debt other than trade payables or other reasonable and customary liabilities incurred in the ordinary course of doing business.
2. Use restricted funds for any purpose other than that required by the restriction.
3. Allow liquidity, or the ability to meet cash needs in a timely and efficient fashion, to be insufficient.
4. Fail to settle contracts, payroll, loans or other financial obligations in other than a timely manner.
5. Allow tax payments or other government-ordered payments or filings to be overdue or inaccurately filed.
6. Allow operations to generate an inadequate net income.
7. Fail to generate sufficient member equity.
8. Acquire, encumber or dispose of real estate.
9. Allow financial record keeping systems to be inadequate or out of conformity with Generally Accepted Accounting Principles (GAAP).

2.5 Financial Planning and Budgeting

The GM may not cause or allow planning to deviate materially from the board's Ends priorities, risk financial jeopardy, or fail to be derived from a strategic long-term plan. The GM will not cause or allow plans that:

1. Omit credible projection of revenues and expenses, separation of capital and operational items, cash flow, and disclosure of planning assumptions.
2. Contain insufficient information to support assumptions.

3. Are not updated at least annually.
4. Do not protect the long-term health of the Co-op as described in Financial Conditions policy.
5. Do not provide for governance development (as set forth in Board Process policy 4.11).
6. Leave the Co-op unprepared for loss of key management personnel.

2.6. Asset Protection

The GM shall not allow assets to be unprotected, unreasonably risked, or inadequately maintained. The General Manger will not allow:

1. Inadequate security of premises and property.
2. Uncontrolled purchasing or purchasing subject to conflicts of interest.
3. Lack of due diligence in contracts.
4. Equipment and facilities to be uninsured, inadequately insured, or otherwise unable to be replaced if damaged destroyed, including coverage for any losses incurred due to business interruption.
5. Unnecessary exposure to liability or lack of insurance protection from claims of liability.
6. Data, intellectual property, or files to be unprotected from loss, theft or significant damage.
7. Damage to the co-op's goodwill, it's public image, it's credibility, or it's ability to accomplish ends.

2.7. Emergency GM Succession

To protect the board from sudden loss of GM services, the GM shall not permit there to be fewer than one other executive sufficiently familiar with board and GM issues and processes to take over with reasonable proficiency as an interim successor.

2.8. Compensation and Benefits

With respect to employment, compensation, and benefits to employees, the GM shall not cause or allow jeopardy to the financial condition or to the public image of Oryana and will be guided by principles of a model workplace with respect to a fair compensation and benefit package in exchange for work performed. Further, without limiting the scope of the previous statement by the following, the GM shall not:

1. Change the GM's own compensation and benefits, the exception being his or her benefits that are consistent with a package for all other eligible employees.
2. Promise or imply permanent or guaranteed employment.
3. Establish current compensation and benefits that deviate materially from the geographical market or cooperative standards for the skills employed, except where such a standard is demonstrably exploitive or inadequate.
4. Create obligations over a longer term than revenues can be safely projected, in no event longer than one year and in all events subject to losses in revenue.
5. Establish or change benefits so as to cause inequitable situations, including those that:
 - a. Incur unfunded liabilities.
 - b. Allow any employee to lose benefits already accrued from any previous plan.
 - c. Provide less than some basic level of benefits to all full time employees so long as it does not cause financial hardship.

2.9. Communication and Support to the Board

The GM shall not cause or allow the board to be uninformed or unsupported in its work. The GM will not:

1. Neglect to submit monitoring data required by the board (see policy 3.4 on monitoring GM performance) in a timely, accurate, and understandable fashion, directly addressing the provisions of board policies being monitored.
2. Fail to report in a timely manner any actual or anticipated noncompliance with any policy of the board.
3. Allow the Board to be unaware of relevant trends, public events of the Cooperative, or internal and

- external changes which affect the assumptions upon which Board action has previously been based.
4. Fail to advise the board if, in the GM's opinion, the board is not in compliance with its own policies on Governance Process and Board-Management Delegation, particularly in the case of board behavior that is detrimental to the work relationship between the board and the GM
 5. Present information in unnecessarily complex or lengthy form.
 6. Interact with the Board in a way that favors or privileges certain board members over others except when responding to officers or committees duly charged by the board.
 7. Fail to supply for the board's consent agenda, all decisions delegated to the GM yet required by law, regulation, or contract to be board-approved.
 8. Fail to report in a timely manner any actual or anticipated action or issue that could become a significant liability (including but not limited to legal, financial, or public relations issues.)

Board – General Manager Delegation

3.0. Global Governance-Management Connection

The board's sole official connection to the organization's operation will be through a chief executive officer, titled General Manager.

3.1. Unity of Control

Only officially passed motions of the board are binding on the GM.

3.2. Accountability of the GM

The GM is the board's only link to the organization's operation and conduct, so that all authority and accountability of staff is considered the authority and accountability of the GM. The board will view GM performance as identical to organizational performance so that organizational accomplishment of board-stated ends and avoidance of board-proscribed means will be viewed as successful GM performance.

3.3. Delegation to the GM

The board will instruct the GM through written policies and prescribe organizational ends to be achieved, describe organizational situations and actions to be avoided, and allow the GM to use any reasonable interpretation of these policies. The board will never prescribe operational means that have been delegated to the GM. The board may change its Ends and Executive Limitations policies.

3.4. Monitoring GM Performance

Systematic and rigorous monitoring of GM job performance will be solely against the only expected GM job outputs: organizational accomplishment of board policies on ends and organizational operation within the boundaries established in board policies on Executive Limitations. Accordingly:

1. Monitoring is simply to determine the degree to which board policies are being met. Information that does not do this will not be considered to be monitoring information.
2. The board will acquire monitoring information by one or more of three methods: (a) by internal report, in which the GM discloses interpretations and compliance information to the board; (b) by external report, in which an external, disinterested third party selected by the board assesses compliance with board policies; or (c) by direct board inspection, in which a designated member or members of the board assess compliance with the appropriate policy criteria.
3. In every case, the board will judge (a) the reasonableness of the GM's interpretation and (b) whether data demonstrate accomplishment of the interpretation.
4. In every case, the standard for compliance shall be any reasonable GM interpretation of the board

policy being monitored. The board is the final arbiter of reasonableness but will always judge with a “reasonable person” test rather than with interpretations favored by board members or by the board as a whole.

5. All policies that instruct the GM will be monitored at a frequency and by a method chosen by the board. The board can monitor any policy at any time by any method but will ordinarily follow the schedule outlined in the Board Annual Calendar.
6. The Board will evaluate the General Manager annually, based on a summary of monitoring reports. The schedule will be established in the Board’s annual calendar.

Board Process

4.0. Global Governance Commitment

The purpose of the board, on behalf of the Oryana membership, is to see to it that Oryana (a) achieves its goals as specified in board Ends policies and (b) avoids unacceptable actions and situations (as prohibited in board Executive Limitations policies).

4.1. Governing Style

The board will govern lawfully with an emphasis on (a) outward vision rather than an internal preoccupation, (b) encouragement of diversity in viewpoints, (c) strategic leadership more than administrative detail, (d) clear distinction of board and chief executive roles, (e) collective rather than individual decisions, (f) future rather than past or present, and (g) proactivity rather than reactivity.

Accordingly:

1. The board will cultivate a sense of group responsibility. The board will be responsible for excellence in governing and be the initiator of policy. The board will not use the expertise of individual members to substitute for the judgment of the board, although the expertise of individual members may be used to enhance the understanding of the board as a body.
2. The board will direct, control, and inspire the organization through the careful establishment of broad written policies reflecting the board's values and perspectives. The board's major policy focus will be on the intended long-term impacts outside the staff organization, not on the administrative or programmatic means of attaining those effects.
3. The board will enforce upon itself whatever discipline is needed to govern with excellence. Discipline will apply to matters such as attendance, preparation for meetings, policymaking principles, respect of roles, and ensuring the continuance of governance capability. Although the board can change its Governance Process policies at any time, it will scrupulously observe those currently in force.
4. Continual board development will include orientation of new board members in the board's Governance Process and periodic board discussion of process improvement.
5. The board will allow no officer, individual, or committee of the board to hinder or serve as an excuse for not fulfilling group obligations.
6. The board will monitor and discuss the board's process and performance on a regular basis. Self-monitoring will include comparison of board activity and discipline to policies in the Governance Process and Board-Management Delegation categories.
7. The board will follow the following process for decision-making:
 - a. Decisions will be made within a consensus decision-making framework. Consensus decision-making is a process of building united—not unanimous—judgment. The guiding assumption is that each member of the group possesses an important piece of the truth, and that the work of the meeting is to elicit these truths and create the best decision possible at that time.

- b. A 2/3 majority rule escape clause vote can be used as a last resort when consensus fails to produce a decision quickly enough for the needs of the Board. Before the 2/3 majority vote of the quorum can be used, the following steps need to be taken:
 1. An ample but defined period is set for airing and discussing the proposal, including questions and clarifications.
 2. If there is still no consensus, the person(s) objecting shall choose two individuals on the Board to break into a small group for the purpose of creating amendments, resolutions or new proposals.
 3. If there is still no consensus, the objector(s) are asked if they will step aside and allow the decision to be adopted if (i) their dissenting ideas are recorded, and (ii) it is stipulated that the decision does not set a precedent and cannot be used as a basis for future decisions.
 4. If the objector(s) are still unwilling to stand aside, then the Board shall try to reach consensus to go to a 2/3 majority vote of the quorum.
 5. As a last resort, 2/3 of the Board may vote to decide by a 2/3 majority vote of the quorum. Board members' votes and abstentions shall be duly recorded in the minutes.
- c. Once the consensus is reached, the Board shall speak as one voice.

4.2. Board Responsibilities

The job of the Board is to represent the member-owners in ensuring appropriate organizational performance. Accordingly, the board has direct responsibility to create:

1. The linkage between the ownership and the operational organization.
2. Written governing policies that realistically address the broadest levels of all organizational decisions and situations.
 - a. Ends: organizational products, impacts, benefits, outcomes, recipients, and their relative worth (what good for which recipients at what cost).
 - b. Executive limitations: constraints on executive authority that establish the prudence and ethics boundaries within which all executive activity and decisions must take place.
 - c. Governance process: specification of how the board conceives, carries out, and monitors its own task.
 - d. Board-management delegation: how power is delegated and its proper use; the GM's role, authority, and accountability.
3. Assurance of successful organizational performance on Ends and Executive Limitations (2A and 2B above); and assurance of board performance (2C and 2D above).
4. A board that can continue to lead into the future, using as our tools: recruitment, training, and ongoing professional development, including monitoring and self-evaluation.
5. The Board will make a concerted effort to serve as ambassadors of Oryana to the outside community.

4.3. Agenda Planning

To accomplish its work with a governance style consistent with board policies, the board will follow an annual agenda that (a) completes a re-exploration of Ends policies annually and (b) continually improves board performance through board education and enriched input and deliberation.

1. The board's annual governance cycle will run from May 1 to April 30.
2. The cycle will start with the board's development of its agenda for the next year, including consultations with selected groups in the ownership, or other methods of gaining ownership input, and governance education and education related to ends determination.
3. The Board will limit the amount of meeting time taken up by monitoring reports, discouraging discussion unless the reports indicate policy violations, or the policy criteria themselves need review.
4. The Board will create, and modify as necessary, an annual calendar that includes the items mentioned

in this policy, membership meetings, Board training schedule, monitoring schedule, and the GM evaluation and compensation decisions as outlined in Policy 3.4.6.

5. As warranted by time constraints, the Board can place a limit on public comment of 3 minutes per speaker and 10 minutes per group and the Board can limit comments from speakers other than directors and the General Manager to the defined public comment periods.
6. The agenda is set by the Board President with input from the Executive Committee and the General Manager and includes "Member input on issues" toward the beginning and "Critique" at the end. To request addition or removal of an item to the printed agenda, a Director will contact the Board President in a timely manner.

4.4. Board Meetings

Board meetings are for the task of getting the Board's job done.

1. Meetings will be open to the membership except when closed session is officially called.
2. Directors may request a closed session but:
 - a. The purpose of the session must be stated.
 - b. The Board may include no one else or anyone else it chooses.
 - c. When possible, announcement of the closed session should be on the published agenda.
3. Meeting discussion content will only be those issues which, according to Board policy, clearly belong to the Board to decide, rather than the General Manager.
4. Deliberation will be timely, fair, orderly and thorough, but also efficient, limited to time and kept to the point.
5. Meetings are chaired by the President. Decisions are made according to the bylaws. A recording secretary takes minutes.

4.5 Officer Roles

We will elect officers in order to help us accomplish our job.

1. No officer has any authority to supervise or direct the GM.
2. Officers may delegate their authority but remain accountable for its use.
3. The president ensures the Board acts consistently with Board policies.
 - a. The president is authorized to use any reasonable interpretation of the provisions in the Board Process and Board-Management Relationship policies.
 - b. The president will chair and set the agenda for Board meetings.
 - c. The president plans for leadership (officer) perpetuation.
 - d. The president may represent the Board to outside parties.
4. The vice-president will help the Board maintain the relationship between the Board and the Member-owners. Accordingly:
 - a. The Vice-President will ensure that the election and referenda process follows the Board's policies.
 - b. The Vice-President will be the liaison between the Board and the GM to ensure that all special events like Member Meetings are structured in a way that helps the Board do its work.
 - c. In accordance with our bylaws, the Vice-President will perform the duties of the President in her/his absence.
5. The treasurer will lead the Board's process for creating and monitoring the Board's (not the Cooperative's) budget
 - a. In addition, the treasurer will facilitate the Board's understanding of the financial condition of the Cooperative.
6. The secretary will make sure the Board's documents are accurate, up to date, and appropriately maintained.
 - a. In accordance with our bylaws, the Secretary will certify by her/his signature the results of voting

in all elections and referenda put to the membership of the Co-op, and arrange for proper meeting facilities for the Board meetings.

4.6 Election of Officers

Elections of officers will take place at the first Board meeting following the general election. Directors can nominate themselves or another director. It is suggested that nominees for the positions of President and Vice-President have served as a director for at least one year. The executive committee has the responsibility of ensuring there will be qualified nominees for the positions. The officers will be selected separately in this sequence: president, vice-president, secretary and treasurer. If more than one candidate is named for a position, a vote will be taken among the current directors, using a secret ballot. Ties will be settled with a round with of rock-paper-scissors, best two out of three.

4.7 Board Members' Code of Conduct

The Board commits itself and its members to ethical, businesslike, and lawful conduct, including proper use of authority and appropriate decorum when acting as board members, avoiding any conflict of interest with respect to their fiduciary responsibilities. Board members will come to meetings properly prepared for deliberation and will accept and support the final determination of the board on any matter. Once the consensus is reached, the Board speaks with one voice. Except for participation in board deliberations about whether the GM has achieved any reasonable interpretation of board policy, members will not express individual judgments of performance of employees or the GM and will respect the confidentiality appropriate to issues of a sensitive nature. If a board member is found to have violated this code the President shall provide counsel to that member to prevent future violations. The President may remove a board member in accordance with the bylaws.

1. Oryana Employees as Directors - Any director who is on the Oryana staff has the same legal duties and responsibilities as any other director and has the additional duty of clearly segregating staff and board responsibilities. More specifically, such directors:
 - a. Should not be included in the decisions on GM compensation or bonus. They may be able to participate in developing criteria for a GM compensation proposal.
 - b. Should not serve in the office of President, Vice President or Treasurer.
 - c. Must understand and agree that they are bound by the same legal duties as any other director.
 - d. Must understand that they represent the owners, not the staff.
 - e. Must understand that they are obligated to put the interests of the co-op as a whole above any individual or staff interest.
 - f. Must understand that the board does not deal with workplace issues.
2. Training and Performance
 - a. Directors commit to being adequately trained to complete the functions of a Director, this requires a review of the Bylaws and Policies prior to the first Board meeting following election and attendance at a Cooperative Board Leadership Development 101 workshop or an equivalent class within six months of being elected as a Director.
 - b. Make a concerted effort to attend monthly Board meetings and other Board-related activities, including but not limited to Board retreats (at least two half-days annually). If Board members are unable to attend, their participation is still expected through the review of pertinent documents and communication with the Board.
3. All Board members must be voting members in good standing (meeting the criteria of Article III, Section IV) for at least a period of 30 days prior to the date of election and throughout the member's term, unless otherwise provided by Board policy. A Board member will not be considered in good standing if the member is more than 30 days past due on any membership payment or fee required by the Board of Directors, unless otherwise provided by Board policy. If the Board determines that a

Board member does not meet the Qualifications in Article IV the Board member will be deemed to have resigned the member's Board position.

4.8 Board Committee Principles

Board committees, when used, will be created for a specific purpose. A committee will not speak or act for the Board as a whole except when formally given that authority, nor will they exercise any authority over staff. This does not preclude the GM from involving any or all Board members as desired.

Examples of committees may include (but are not limited to): Owner Engagement, Board Education/ Development Recruitment / Nomination committee

4.9 Governance Investment

The board will not fail to invest in its governance capacity including but not limited to funds derived from the annual budget. Accordingly, resources may be used for any or all of the following: trainings and retreats, seminars and conferences, consultants and facilitators, materials, third-party monitoring and advice, outreach with owners, administrative and meeting support, and other costs determined by the Board to enhance their capacity to govern.

4.10 Grievances Against the GM

Grievances against the GM brought for review by the Board should be conducted as follows:

1. Types of grievances appropriate for Board review:
 - a. A claim that a management decision violates existing Oryana policy.
 - b. A claim that a management decision creates an unfair situation for which no Oryana policy exists.
 - c. A claim that a management decision duly following Oryana policy creates an unfair situation because the policy itself is inherently unfair or discriminatory.
 - d. A claim of harassment against the GM.
2. Review Process: Within 30 days of the Board receiving the grievance against the GM, the Board will include the grievance on the agenda of the next Board meeting (the Board will follow up immediately if the claim is harassment.) To protect the privacy of the parties involved, Directors will request a closed session at the end of the Board meeting to review the Grievance and relevant policies.
 - a. Directors will review the information and issue a decision whether to grant a hearing to the employee that includes an arbitrator.
 - b. Employee hearings will be conducted within 90 days of the original complaint.
 - c. The Board President, GM, HR Consultant, a third-party arbitrator and at least 3 Directors will be present at the employee hearing.
 - d. All decisions made by the Board at this hearing are considered final and binding.
